

1. In terminal, type node server.js

2.

The video should autoplay and there will be thumbnails at the bottom, we can edit the visibility/display of each thumbnail in the admin page by setting either published/draft.

3. Once we clicked on the thumbnail, we'll see the info of each pet for adoption. Next button to show the subsequent pet.

A screenshot of a pet adoption website. The main image shows a white and orange cat lying on grass. To the left is a 'Pet Information' box containing the following details:

Name	Mimi	Age	1 year 8 months
Gender	Female	Location	Kuala Lumpur (Setapak)
Breed	NA	Neutered	Yes
Status	Available	Short Description	
Friendly, curious, and loves head scratches.			

At the bottom of the page, there are navigation buttons for 'Prev' and 'Next'.

4. Return to the gallery by pressing the button at the top right

admin.html

1. To navigate to admin.html, just edit the link: <http://localhost:3000/admin.html>
- 2.
